鳥　山　　明

I've mentioned this many times before, but I really hate the cold. If you turn on the heater, your head feels like it's in a daze, and if you turn it off, your hands get numb from the cold and you can't even hold your pen properly. When it gets cold I stop riding my bicycle and I only go places by car. Frankly, I'm just not that much of a cycling enthusiast. Oh, I just want to hibernate! Spring, hurry up and get here! Every winter's day I long for you to come.

–Akira Toriyama, 1987

Artist/writer Akira Toriyama burst onto the manga scene in 1980 with the wildly popular **Dr. Slump**, a science fiction comedy about the adventures of a mad scientist and his android "daughter." In 1984 he created his hit series **Dragon Ball**, which ran until 1995 in Shueisha's best-selling magazine **Weekly Shonen Jump**, and was translated into foreign languages around the world. Since **Dragon Ball**, he has worked on a variety of short series, including **Cowa!**, **Kajika**, **SandLand**, and **Neko Majin**, as well as a children's book, **Toccio the Angel**. He is also known for his design work on video games, particularly the **Dragon Warrior** RPG series. He lives with his family in Japan.

STORY AND ART BY
AKIRA TORIYAMA

Jackie Chun
A mysterious old man who came out of nowhere and entered the tournament, defeating Kuririn and Yamcha! He seems to know every martial arts move, even the *kame-hameha* fireball. Where did he come from? What is his secret? You get one guess…

Kuririn
A sneaky young fighter who, like Goku, became super-strong from Kame-Sen'nin's training. He was eliminated in the second round of the tournament.

THE MAIN CHARACTERS

Son Goku
Monkey-tailed young Goku has always been stronger than normal. His grandfather Gohan gave him the *nyoibô*, a magic staff, and Kame-Sen'nin gave him the *kinto'un*, a magic flying cloud. Kame-Sen'nin also taught him the mighty *kamehameha* attack. Something strange happens when Goku sees the full moon…

Oolong
Immature, shapeshifting Oolong was the only member of the group who got his wish with the Dragon Balls.

Yamcha
Yamcha used to be a desert bandit, but he went to the city to be Bulma's boyfriend. He uses "Fist of the Wolf-Fang" kung-fu, but he was eliminated in the first round of the tournament.

Bulma
A genius inventor, Bulma met Goku on her quest for the seven magical Dragon Balls.

Pu'ar
Yamcha's shapeshifting friend.

Kame-Sen'nin
(The "Turtle Hermit")
A tricky old martial artist (also known as the *muten-rôshi*, or "Invincible Old Master") who trained Goku's grandfather, Son Gohan, and has now trained Goku and Kuririn.

Long, long ago, in the mountains, there lived a young boy named Son Goku. His simple life was interrupted by Bulma, a girl from the city who took Goku with her on her quest for the seven magical "Dragon Balls." After many dangerous adventures with Bulma, Goku decided that what he really wanted was to be stronger, so he went to the great martial artist Kame-Sen'nin to be trained. Now, after 8 months of tough training, Goku has entered the "Strongest Under the Heavens" fighting tournament…and advanced to the final round against the mighty Jackie Chun!
